Sprayer Accessories

TeeJet TIPS

Turbo TeeJet – Wide angle flat spray tips!

Tapered edge wide angle flat spray pattern for uniform coverage in broadcast spraying

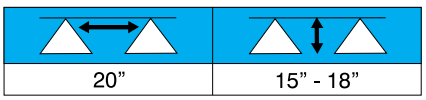
Large rounded internal passage to minimize clogging

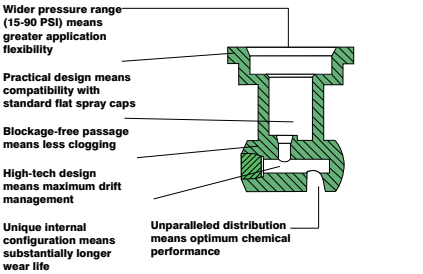
Excellent resistance to corrosive solutions

Superior wear characteristics

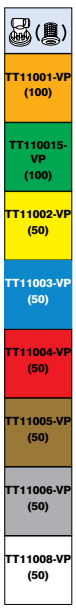
Larger droplets for less drift, 15–90 PSI (1–6 bar)

Automatic spray alignment with 25611-NYR Quick TeeJet® cap





Wider pressure range (15-90 PSI) means greater application flexibility
Practical design means compatibility with standard flat spray caps
Blockage-free passage means less clogging
High-tech design means maximum drift management
Unique internal configuration means substantially longer wear life
Unparalleled distribution means optimum chemical performance



Wide Angle Spray Tip

TeeJet TIPS

Turbo TeeJet – Air induction spray tips!
